Avery Dennison PPF Xtreme Plus Gloss

Precision fit, maximum protection

Avery Dennison PPF Xtreme Plus Gloss is a top-of-the-line paint protection film, engineered to give your car's paint the highest level of defence against the challenges of everyday driving. This transparent, gloss thermoplastic polyurethane (TPU)- based film shields your vehicle's finish from stone chips, road debris, insect stains, small to medium scratches, chemical stains and weathering, all without degrading the original paint beneath.

Available in a 210-micron construction and optimised for pre-cut template-based installation, Xtreme Plus Gloss delivers precise, panel-perfect coverage that keeps your paintwork looking showroom-fresh for years to come.

Key Features

Advanced Self-Healing Technology
Minor scratches and swirl marks disappear when the film is exposed to ambient heat. Everyday wear fades away, keeping the surface flawless.

Ease of Installation
A low-tack, optimised adhesive system makes application smooth and precise. Installers can reposition and adjust with confidence, reducing install time while delivering clean, professional results.

Excellent Hydrophobicity
Dirt, grime, and contaminants struggle to cling, making cleaning faster and helping your car stay looking pristine for longer.

8.5 mil Film, Optimised for Pre-Cut Templates
At 210 microns, the film delivers exceptional impact resistance and durable coverage. Its thickness is calibrated for pre-cut template-based installation, ensuring an accurate, seamless fit across every panel.

Superior Stain Resistance
From insect strikes to chemical fallout, the film provides a robust barrier against the contaminants that cause staining and discolouration, preserving the depth and clarity of your original paint.

10-Year Warranty
Backed by a 10-year manufacturer's warranty, Xtreme Plus Gloss offers long-term confidence and peace of mind.
