

Avery Dennison

V-4000 Premium Reflective Films

MAXIMUM VISIBILITY ALL DAY. ALL NIGHT.

HIGH IMPACT PERFORMANCE

New generation V-4000 glass beaded reflective film is designed for high impact performance on emergency and commercial vehicles, safety and directional signage as well as decorative applications.

EFFORTLESS APPLICATION

When safety and visibility matters, V-4000 delivers exceptional performance on applications requiring conformability, extended durability and easy installation.

ULTIMATE VERSATILITY

One product does it all with superb printability on all digital inkjet printers as well excellent cutting and weeding for sign cut applications. With striking day and night colour consistency your graphics will stand out and keep the attention coming.

Experience the difference

- > Effortless application with Easy Apply RS technology
- > Long term removable adhesive drives fast and clean removal
- > High impact reflectivity with bold day/night colour consistency
- > Quality print performance across screen and digital (latex, solvent, eco-solvent and UV Printing)
- > Up to 6 year ICS Warranty in Australia and New Zealand
- > Reposition and reapply graphics without damaging the film
- > Exceptional conformability on moderate 3D curves
- > Chemical, UV, temperature, humidity and salt spray resistant
