

Avery Dennison Application Solution Pro

Your perfect mix. Your flawless install.

Introducing Application Solution Pro by Avery Dennison, a premium, specifically formulated slip solution designed by installers, for installers.

Engineered to replace generic soaps and shampoos, this innovative concentrate acts as the ultimate aid for Paint Protection Film (PPF) installations. By eliminating oily residues and dissipating quickly, it ensures an uncompromised ultimate adhesion while significantly speeding up installations. Experience a flawless, professional finish every time with a solution customized to meet the demanding needs of premium PPF shops.

Recommended application

Application Solution Pro is expertly formulated primarily for the installation of Avery Dennison graphics products where wet application is required:

- Automotive Paint Protection Films (PPF)
- Automotive Window Film
- Architectural Window Film
- Window Graphics

Paint Protection Film

Automotive Window Film

Architectural Window Film and graphics

Key features

Rapidly dissipating formula

Designed with a specialised chemical makeup that dissipates quickly during application, it leaves no oily residue or film under the graphic.

It enables faster adhesion build and significantly reduces the time required for edge sealing without compromising ultimate adhesion performance.

Ultra-high yield efficiency

A single bottle of concentrate produces a massive 125 litres of working solution when mixed at the recommended ratio, minimising overhead costs for high-volume premium PPF shops.

Specialised ergonomic packaging

Purpose-built bottle design, makes the product incredibly easy to decant and mix, reducing spills and waste in a busy shop environment.

“By installers, for installers” design

Developed in direct response to professional installer feedback that resolves their common pain points and ensures professionals are equipped with a premium, purpose-built tool that elevates their craft.

Customizable mix ratio

Installers can effortlessly customize the solution mix to suit their personal install preference for ultimate control. This allows for beginners to have more install time while they need it and experts to move at a rapid rate. Allowing for a flawless and stress-free installation every time no matter your skill level.
