

# Durable Screen portfolio

Films for demanding mid- and long-term applications

The Avery Dennison Durable Screen portfolio gives you great printability and exact screen-printing register. This wide range of dedicated cast and calendered films ensures reliable air egress and long term removability - with the added option of conformable films for demanding 3D corrugations.

## KEY FEATURES

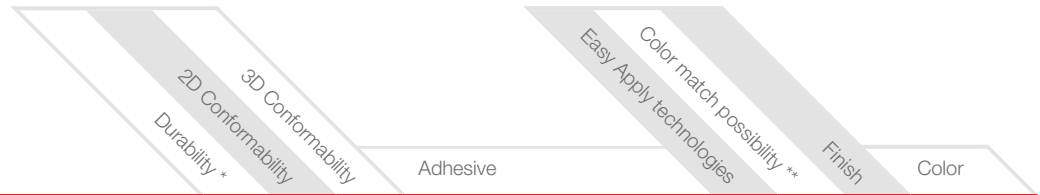

- > Dedicated screen printing materials
- > White and transparent films
- > Maximum durability from 5-10 years (unprinted)
- > Conformable cast films for 3D applications
- > Polymeric calendered films for many relatively flat surfaces
- > Colour match for some cast products
- > Range of adhesives: permanent, removable, grey (over posting) and apolar
- > Easy Apply or Easy Apply RS™ technology on some materials

## BENEFITS

- > Excellent print performance - designed for screen
- > Easy removal at end of life
- > Easy installation, reduce the risk of air bubbles
- > Allows you to decorate difficult 3D surfaces, including vehicles

## RECOMMENDED USES

- > Medium and long term decoration for indoor and outdoor applications
- > Vehicle graphics and decals
- > Permanent promotions
- > Advertising and displays signs
