Avery Dennison® Architectural Solutions

Organoid Natural Surfaces

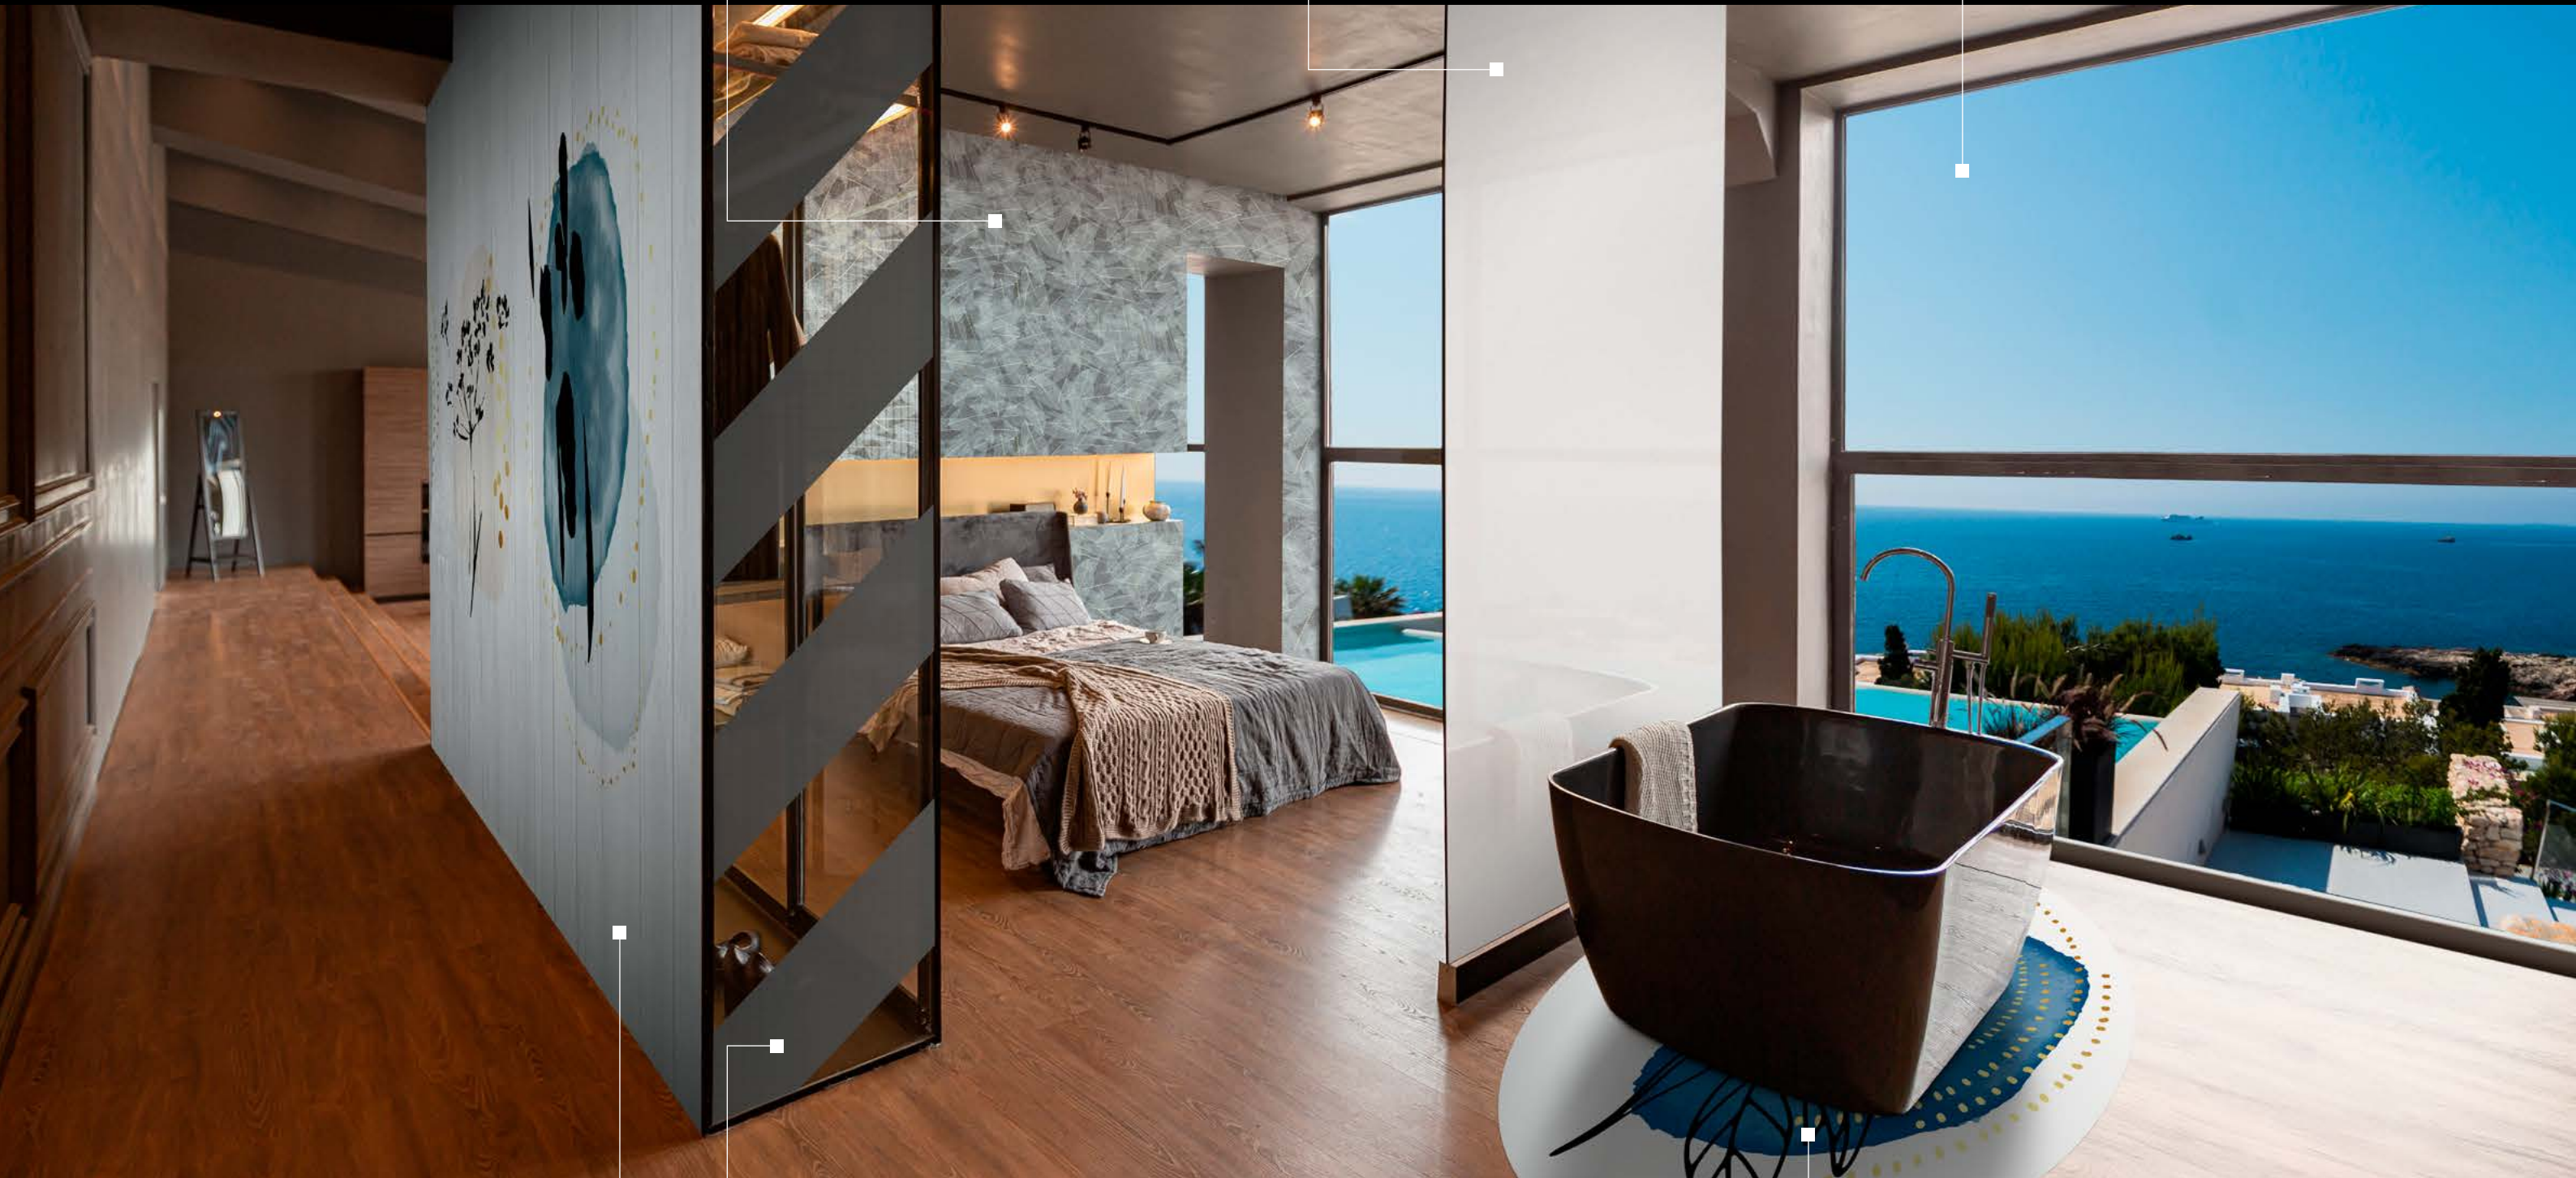

Natural handcrafted materials with self-adhesive backing offer endless unique, nature-inspired interior design possibilities. All with direct bonding from smooth, plastered and painted walls to textured concrete surfaces, as well as windows.

Decorative Window Films

The Window film range is there in case you want to quickly decorate or redecorate with varying degrees of light intensity for maximum architectural and interior design flexibility.

Architectural Window Films

This solutions can improve the performance, reduce energy costs and transform the appearance of buildings. Major glazing system enhancements are available for both interior and exterior use, including solar protection.

Wall Films

Bring design flexibility to even the most ambitious indoor applications, with a wide choice of printable wall films. Explore endless creative opportunities with this solution, featuring textured wallpapers, and printable PVC films with canvas, crushed stone, stucco, and wood textures.

Squid® Window Textile

This self-adhesive textile expands design options for interior windows which allows for outward visibility while ensuring privacy during the day. The fabric has a natural and elegant character and can be printed with a variety of printing techniques.

Floor Films

For eye-catching decorations or aesthetic touches on floors. It is suitable for indoor public areas where clear and vibrant graphics are required. You can pair it with the overlamine for that extra optimal surface protection!

Who we are

Imagine being able to transform any surface with powerful visual ideas and branding. Avery Dennison sets the industry standard in graphic design solutions worldwide.

Business owners, architects and interior designers select Avery Dennison solutions to ensure the highest creativity and performance for their projects.
