Architectural Solutions

Wall films

Bring design flexibility to even the most ambitious indoor applications, with a wide choice of printable wall films. Explore endless creative opportunities with this solution, featuring textured wallpapers, and printable films with canvas, crushed stone, and stucco textures.

Architectural Window Films

This solution can improve comfort, reduce energy costs by reducing heat gain through the glazing, and transform the appearance of buildings. Major glazing system enhancements are available for both interior and exterior use, including solar protection and 99.9% UV radiation blocking.

Decorative Window and Wall Films

Organoid Natural Surfaces are natural handcrafted materials with self-adhesive backing that offer endless unique, nature-inspired interior design possibilities. All with direct bonding from smooth, plastered and painted walls to textured concrete surfaces, as well as windows. This product enhances your interior by infusing natural scents, bringing the refreshing essence of the outdoors inside.

Long-term Branding Films

Designed for corporate identity applications, these films offer medium-to-long-term durability for both indoor and outdoor use. This range comes in various colours, including gloss, matt, and metallic, with custom colour-matching available for a perfect fit on any project.

Short-term Promotional Films

Perfect for a variety of indoor displays, including directional signage, promotions, and more. These opaque films come in gloss or matt finishes and feature a water-based adhesive for eco-friendly use.

Optically Clear Window Films

Elevate your space with optically clear, PVC-free films that enhance design without compromising glass clarity. Perfect for creating stunning, seamless graphics, these films offer full window coverage, ensuring unprinted areas remain crystal clear—no need to cut around images. Made from more sustainable materials, this product brings both beauty and eco-consciousness to your space.

3D Solutions

Discover a new dimension in design with our 3D Films offering a variety of finishes and colours. Whether you're refurbishing or redecorating, their versatility ensures a seamless, cohesive look in any space. Plus, save costs by quickly updating your space without the need to throw away used product displays—simply apply new films for an effortless, cost-effective transformation.

Floor Films

For eye-catching decorations or aesthetic touches on floors. It is suitable for indoor public areas where clear and vibrant graphics are required. You can pair it with the overlaminates for that extra optimal surface protection!

Privacy Window Films

The Window Film range is perfect for quickly decorating or redecorating spaces, offering varying degrees of light diffusion for maximum architectural and interior design flexibility. Choose from etched, frosted, or dusted finishes, expanding to a natural and elegant window textile look with Squid Window Textile films.

Who we are

Imagine being able to transform any surface with powerful visual ideas and branding. Avery Dennison sets the industry standard in graphic design solutions worldwide.

Business owners, architects and interior designers select Avery Dennison solutions to ensure the highest creativity and performance for their projects.
