

Avery Dennison V-2000

V-2000-101
White Digital

Avery Dennison V-2000 reflective film of beaded technology is an excellent, economical choice offering premium benefits for promotional and noncritical reflective signs.

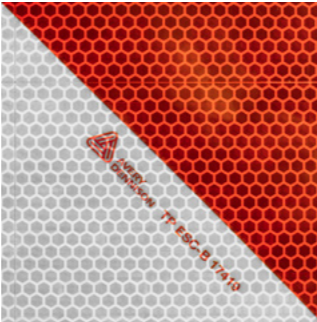

Features and Benefits

- Striking 24-hours brand visibility: enhance application appearance and safety
- Up to 3 years outdoor durability
- Several design options: can be printed and cut

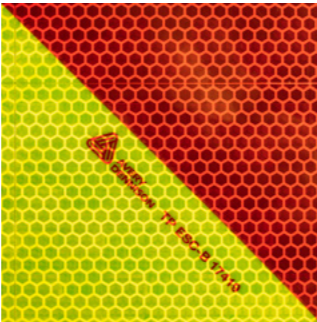

Converter friendly

- Solid metallic layer: eliminates edge sealing – save time and money when converting/applying
- Suitable for sign cutting, screen and digital printing
- For flat & slightly curved applications
- Superior printability of white product across all platforms (solvent, eco solvent, latex and UV)

Avery Dennison Reflective Chevrons Markings

Chevron

Chevron

Markings made for emergency vehicles, roadside services and technical support fleets.

Fleet manager

- Easy Apply™ technology for faster application
- Improved safety, with better visibility of moving or stationary vehicles
- Striking and bold day-time appearance
- Bright and vivid night-time presence
- Solid metallic layer – resists water, dirt and reflectivity loss from dents
- Long term durability
- Higher resistance against abrasion

Converter friendly

- Easy to apply and conforms to simple curves
- Compliant with TPESC-B (France), DIN 30710 (Germany) and ASTM D8514
- Available in several sizes:
 - 0.141 x 45.72m
 - 1.2 x 22.86m

Avery Dennison Chevron White/Red used for container hazard marking.

Avery Dennison Chevron White/Red used for vehicle marking according to DIN30710 and TPESC-B.
