

When you need graphics that can tackle difficult shapes, curves and crevices, Avery Dennison's 900 Supercast Series Opaque Films produce the best in screen and cut applications. Built on our proven film technology, these films are designed for superior conformability, easy installation and long-term removability.

### KEY FEATURES:

- > Improved for enhanced conformability – even in deep channels, over rivets and extreme curves without the need for primer
- > Outdoor durability of up to 12 years (black & white) and 10 years (colors)
- > Smooth surface with a higher gloss
- > 83# kraft liner for more efficient sign cutting and a smoother backside to help retain film gloss
- > 133 color options in stock and our custom color match service for specific brand requirements
- > Standard permanent adhesive with options for long-term removability and our HiTack adhesive for low energy substrates

### KEY BENEFITS:

- > Exceptional when used in 3D vehicle and architectural applications
- > Faster, easier installation without the need for primer
- > Easier processing, saving you time and money
- > Smooth, paint-like finish
- > Long-lasting graphics
