

MPI 1005 Supercast Series of Digital Films

Stretch Your Imagination More Than Ever With Our Enhanced Conformable Supercast Film Series.

- MPI 1005 Supercast Easy Apply RS™
- MPI 1005 Supercast Easy Apply™
- MPI 1005 Supercast Gloss Opaque LTR

MPI 1005 Supercast films provide improved conformability along with easy application and long-term removability. Combined with our DOL films, you'll achieve great printability and colors that pop. MPI 1005 Supercast is available with Easy Apply RS™, Easy Apply™ and Gloss Opaque LTR technologies to meet most vehicle, fleet graphic or architectural application needs.

KEY FEATURES

- Enhanced conformability provides resistance to tenting and lifting
- Expanded color gamut capability
- High gloss and smooth face make images and colors pop

BENEFITS

- Faster, easier installation
- Stays down over complex curves and rivets, improving long-term look of graphics
- Image consistency with no costly reprints
- Smooth, paint-like finish

MPI 1005 SUPERCAST DIGITAL FILMS

Features	Advantages	Benefits
Enhanced conformability	Greater resistance to tenting and lifting even when stretched	Stays down over complex curves and rivets improving look of graphics for extended period of time
		Even faster and easier installation
Even greater color gamut capability	Enhances printed image	Consistent images every time
		No costly reprints
Consistent printability	Prints well with most solvent, eco-solvent and UV curable inks	Consistent images – avoid costly reprints
Incredibly smooth face	Even less channel show through	Looks like paint when applied
High gloss	Makes images and colors pop	Looks like paint when applied
Repositionability	Easy to reposition without great force	Reduces application time and lower cost on job
	Lays down smoothly after pre-tacking without losing adhesion	Makes applications easier – can reposition and reapply with ease
Patented Easy Apply™ air egress technology	Helps eliminate wrinkles and bubbles	Reduces application time and lowers overall job cost
Easy Apply RS™ provides slideability	Facilitates the positioning of the film as it stands-off adhesive from surface until pressure is applied	Reduces application time and lower cost on job
		Makes applications easier – can slide film into exact position
Compatible with Avery Dennison DOL products	Provides longer-term durability and adds rigidity to film	Enhanced looks and guaranteed longer-term durability with even easier application
