

## Mark Critical Safety or Standard Vehicles with Eye-catching Results

VisiFlex reflective prismatic vinyl is an innovation in vehicle reflectivity. No longer does high-impact visibility come at the cost of durability. Ensure safety and emergency vehicles have the highest possible reflectivity with maximum durability, or make custom car graphics stand out with bright and sophisticated accents.

“We have been waiting for a new product like VisiFlex. When we first applied it to a vehicle, we knew the product was right. The appearance and innovative design solves all the classic problems with other prismatic products.”
