Application accessories help you successfully install color with character.

Accessory Tool Kit
Includes a selection of Avery Dennison tools packed in one gift box: tool belt, application gloves, cutter, blue felt-edge squeegee, two magnets and a snitty knife.

Application Tool Belt
Keep all of our tools in this waist belt, specially designed by professional applicators.

White Squeegee
A white, low cost squeegee that is intended for light or single use applications. Most commonly used for applying sign cut letters.

Silver Squeegee
A silver premium nylon squeegee ideal for fleet work. This high quality squeegee minimizes nicks. It can still be sharpened and will last for several jobs.

Red Felt-Edge Squeegee (Soft)
A red, softer and more flexible squeegee with a felt edge that will not scratch or mar the surface of digital prints or specialty vinyl. Ideal for 3D applications, deep corrugations and curved applications like pillars and car bumpers.

Blue Felt-Edge Squeegee (Medium)
A blue nylon reinforced squeegee with a black felt edge that will not scratch or mar the surface of digital prints or specialty vinyl. The perfect tool for flat or lightly curved surfaces.

White Felt-Edge Squeegee (Stiff)
A Teflon® squeegee for smooth non-stick applications where the edge of the squeegee does not heat up or create drag. The soft felt edge can be wet in order to avoid scratching vinyls.

Flextreme Micro Squeegee Kit
A set of two micro-squeegees specifically designed for vinyl graphics applications featuring very tight, compressed corrugations and other narrow substrate indentations.

Super Strong Apply Magnets (2-pack)
Magnets are a great aid to holding and positioning graphics on a substrate. Strong magnetic pull can replace application tape.

Application Glove
A soft, seamless, cotton, application glove with anti-static properties and excellent friction resistance help smooth graphics over the application surface and into curves and recesses.

Air Release Pen
Sharp retractable air release pen in a handy pen design. Ideal for releasing trapped air and eliminating bubbles during application.

Snitty Knife
Snitty vinyl cutter is a mini-slitting tool. Handy for cutting self-adhesive material.

Plastic Breakaway Knife
Plastic applicator knife designed for graphic application. Holds 30° angled breakaway blade for accurate cutting.

Metal Breakaway Knife
A strong, durable metal casing, holding 30° angled breakaway blade for accurate cutting.

To purchase application accessories, contact your local distributor.
High Visibility Reflective Films

VisiFlex™ V8000™ Series
Striking and bold reflectivity for flat surfaces and moderate curves, 8x more reflective than beaded reflective films. Ideal for fleet applications and vehicle graphics.

Avery Dennison Cut Vinyl Graphic Films Capture Color with Character

The unique character of today’s brands come to life with Avery Dennison high-performance, pressure-sensitive cut vinyl graphic films. Engineered for use with digital, screen print and sign cut applications—such as vehicle, building graphics, marine and fleet graphics, architecture and advertising—our comprehensive line of products are designed to meet every application need.

Avery Dennison is constantly innovating to make graphics more exciting, noticeable and easy to install. Decades of know-how and the latest technologies—Easy Apply™ and Hi-Tack adhesive—allow us to help our customers consistently transform ideas into impactful messages.

For more information on Avery Dennison products and services visit graphics.averydennison.com/cutvinylfilms or call your sales representative or contact Customer Service at 800.282.8379, materials.orders@averydennison.com.

These innovative and flexible films are offered in a range of sizes and colors, and offer best-in-class quality, along with:

- Easy installation and removal
- Superior depth of image color, gloss and smoothness
- Avery Dennison technical excellence and responsive customer service
