	6495	54" x 25 yd
	6496	48" x 50 yd
	6498	60" x 50 yd
<b>DOL1380Z</b> 1.3 mil Clear Matte cast vinyl film with a kraft paper liner. Designed to provide maximum protection to printed graphics and conformability over rivets and corrugation. Ideal for vehicle, fleet graphics compound curves.	6499	54" x 50 yd
	6500	54" x 25 yd
	6501	48" x 50 yd
<b>DOL1460Z</b> 1.3 mil Clear Gloss film with a smooth PET liner. Highly conformable overlaminate for the toughest, most irregular surfaces.		

The DOL 1000Z, DOL 1300Z, DOL 1460Z and DOL 6460 series are optimized to pair with the MPI 1105 Supercast series. The combination allows the solution to reach its maximum durability.

## Dallas Stars Inspired by New Graphics now with DOL 1360Z

*Digital Overlaminates provide additional durability, conformability and printability to a variety of films. Overlaminates also add special protection, such as anti-graffiti deflection or additional effects, such as a touch of sparkle.*

The Dallas Stars management team partnered with its graphics and printing partner, Inkjet International, to inspire the team with new graphics throughout its practice facility in Dr. Pepper Arena. The new motivational, team-oriented graphics were installed in the practice rink and players lounge, dressing room and gym. One creative aspect of the campaign, which Inkjet International brought to the Stars, was using images of kids playing pond hockey that is visible in the rink. More than 1,500 square feet of Avery Dennison MPI 1005 (now MPI 1105) Supercast Easy Apply with DOL 1360 gloss overlaminate was printed and installed in the player's lounge.

*"The product was easy to work with during the install, and the technical expertise provided by the Avery Dennison team was extremely helpful."*

Alok Sarna, vice president at Inkjet International
